

Restock, replant, repair Information Sessions

Rebuild your business in your own time and in your own way with a **North Queensland Restocking, Replanting and On-farm Infrastructure Grant**. The Australian Government is supporting primary producers rebuild their business with a **co-contribution grant of up to \$400,000**.

The North Queensland Livestock Industry Recovery Agency together with QRIDA will be holding information sessions across North and North West Queensland to provide details on the co-contribution grant, how it can be used and eligibility requirements, and answer any questions you may have.
