

# Loans and grants

Program owner	Program	Purpose of program/service
	<b>Productivity Enhancement</b>	
Queensland Government	First Start 2010*	Provide loans at concessional rates of interest to an applicant in the first years of establishment of a primary production enterprise in Queensland.
	Sustainability 2010*	Provide concessional loans to primary producers to implement systems and management practices that enhance sustainable primary production in Queensland.
	<b>Natural disaster</b>	
Australian and Queensland Governments ( <i>Disaster Recovery Funding Arrangements</i> )	Disaster Recovery Funding Arrangements Scheme TC Niran	Assist primary producers pay for costs arising out of direct damage.
	Disaster Recovery Funding Arrangements Scheme TC Niran	Assist primary producers and small businesses pay for costs arising out of direct damage.
	Disaster Recovery Funding Arrangements Scheme Southern Queensland Severe Weather	Assist primary producers and small businesses pay for costs arising out of direct damage.
	Disaster Recovery Funding Arrangements Scheme Central, Southern and Western Queensland Rainfall and Flooding	Assist primary producers pay for costs arising out of direct damage.
	Disaster Recovery Funding Arrangements Scheme Central, Southern and Western Queensland Rainfall and Flooding	Assist primary producers and small businesses pay for costs arising out of direct damage.
	Disaster Recovery Funding Arrangements Scheme Ex-Tropical Cyclone Seth	Assist primary producers and small businesses pay for costs arising out of direct damage.
	Disaster Recovery Funding Arrangements Scheme Ex-Tropical Cyclone Seth	Assist primary producers, small businesses and non profit organisations pay for costs arising out of direct damage.
	Disaster Recovery Funding Arrangements Scheme South East Queensland Rainfall and Flooding	Assist primary producers and small businesses pay for costs arising out of direct damage.
	Disaster Recovery Funding Arrangements Scheme South East Queensland Rainfall and Flooding	Assist primary producers, small businesses and non profit organisations pay for costs arising out of direct damage.
Australian Government	North Queensland Restocking, Replanting and On-farm Infrastructure Grants	Assist primary producers on co-contribution (dollar for dollar) basis to re-stock, replant and repair or replace damaged infrastructure.
	<b>Drought</b>	
Australian and Queensland Governments	2021 Farm Management Grants Scheme	Assist primary producers with cost of professional advice for the development of a Farm Business Resilience Plan.
Queensland Government	Drought Preparedness Grants	Assist primary producers on a co-contribution basis for on-farm capital improvements to improve drought resilience.
	Drought Ready and Recovery Finance Loan Scheme	Provide concessional loans to primary producers to assist with on-farm capital improvements to prepare or recover from the impacts of drought.
	<b>Other</b>	
Queensland Government	Fishing Quota Review - ENL-ITQ and C1-ITQ Unit	Under the <i>Fisheries Legislation Amendment Regulation 2019</i> (Qld) eligible licence holders may apply for an amendment to their eligible reported catch on grounds of data error, or under certain scenarios may request that years with nil reported catch be replaced with substituted catch data to calculate unit allocations. QRIDA administered reviews of reported catch data and processed applications for amendments or substitutions to reported catch numbers.
	Horticulture Irrigation Pricing Rebate Scheme	Provides a rebate of 35 percent to horticulture producers to offset the cost of water used to irrigate horticultural crops.
	Solar for Rentals	The Solar for Rentals Trial incentivises landlords to install eligible solar PV systems on their rental properties and share the system benefits with their tenants. This will be achieved through providing landlords with a rebate to offset the cost of purchasing and installing an eligible solar PV system and allowing tenants to use the solar system to reduce their electricity costs.
	Energy Saver Plus Extension Payment Scheme	Assist farmers reduce energy costs by supporting the accelerated adoption of improvements in on-farm energy use.
	Large Electricity Customer Adjustment Program	Provide assistance to large electricity customers in regional Queensland who are currently on obsolete electricity tariffs. Successful customers taking part in the program will receive a free energy audit and advice, co-contribution grant to help implement energy management strategies.
	Vessel Tracking Rebate Scheme	The Queensland Sustainable Fisheries Strategy 2017-2027 requires vessel tracking on all commercial fishing boats by 2020 to assist in the management of Queensland fisheries. The objective of the Queensland Government Vessel Tracking Rebate Scheme is to help commercial fishers with the costs of purchasing and/or installing approved vessel tracking units on their commercial fishing boat(s).

# Loans and grants

Program owner	Program	Purpose of program/service
	<b>Other (continued)</b>	
Queensland Government	<b>Rural Economic Development Grants Scheme Round 3</b>	The objective of the Rural Economic Development Grants Scheme is to strengthen primary production sectors and bolster rural communities. The scheme will achieve its objective by assisting eligible applicants to carry out projects which will create employment relating to primary production value chains in rural areas.
	<b>Rural Economic Development Grants Scheme Round 4</b>	
	<b>Waste Management Viability Assessment Reports</b>	Assess existing recyclers who are claiming an exception from the waste levy on the basis of financial hardship.
	<b>Household Waste Rebate</b>	Ensure the introduction of the waste levy has no direct impact on Queensland households by providing assistance to households to offset the cost of waste going to landfill.
	<b>Wheelchair Accessible Taxi Grant</b>	Support the modernisation and expansion of Queensland's wheelchair accessible taxi fleet to ensure continuity of service to those with reduced mobility.
	<b>Farming in Reef Catchments Rebate Scheme</b>	Help sugarcane, beef cattle and banana producers in the Great Barrier Reef regions offset the cost of obtaining professional advice about managing nutrient and sediment pollution in line with minimum practice agricultural standards for improved water quality outcomes for the Great Barrier Reef.
	<b>Carbon Farming Advice Rebate Approved Adviser Scheme</b>	Assist eligible applicants with the cost of accessing eligible advice about undertaking a carbon farming project on their land through the Land Restoration Fund.
	<b>Queensland COVID-19 Jobs Support Loans</b>	Assist Queensland businesses and non profit organisations financially impacted by COVID-19 retain employees and maintain their operations.
	<b>COVID-19 Business Support Grant Scheme (August 2021)</b>	Provide financial relief to small and medium businesses and non profit organisations impacted by the lockdown events across Queensland.
	<b>COVID-19 Small Business Adaption Grants - Round 2</b>	Assist eligible small businesses in Queensland who have been forced into hibernation, or those who have experienced a significant structural adjustment or forced to re-pivot their business operations as a result of the pandemic. Grant funding will support impacted small businesses to adapt and sustain their operations and build resilience.
	<b>COVID-19 Tourism and Hospitality Sector Hardship Grants Scheme</b>	Provide assistance to tourism and hospitality businesses and non profit organisations that were financially affected by the travel restrictions imposed in response to COVID-19.
	<b>COVID-19 Taxi and Limousine Industry Assistance Scheme</b>	Support the taxi and limousine industry to alleviate the economic impacts of COVID-19 and ensure services can continue to operate in recognition of their important role in Queensland communities and to assist the recovery of the industry.
	<b>COVID-19 International Tourism Adaptation Grants</b>	Assist tourism businesses to pivot to a domestic market or hibernate until international markets open.
	<b>COVID-19 Marine Tourism Rebate</b>	Provide financial assistance to marine tourism businesses operating vessels in the Livingstone, Townsville, Douglas, Whitsunday, Bundaberg, Burdekin, Cassowary Coast, Cairns, Cook, Fraser Coast, Gladstone, Hinchinbrook, Isaac and Mackay Local Government Areas. It directly supported tourism vessel operators who suffered losses of income because of the COVID-19 travel restrictions. It was designed to assist eligible applicants in the above Local Government Areas by offsetting the cost of privately owned marina berthing fees paid in 2020-2021.
	<b>COVID-19 Marine Tourism Assistance Scheme - Round 2</b>	Support marine tourism businesses that suffered a loss of income resulting from COVID-19 by offsetting the cost of berthing fees at privately-owned or operated marinas.
	<b>COVID-19 Daintree Area Scheme</b>	Assist the Daintree community in responding to the COVID-19 emergency by providing financial assistance to eligible households, small businesses and non profit organisations operating from off-grid premises in the area (i.e. not connected to the Ergon electricity network or have an Ergon power card).
	<b>Tourism Business Professional Advice Rebate</b>	Provide tourism businesses impacted by COVID-19 with face-to-face professional financial, legal and/or human resource advice to assist them in making difficult business decisions.
<b>Work in Paradise Incentive Scheme</b>	Attract and assist job seekers to take up a job opportunity in the regional Queensland tourism industry.	
<b>Back to Work in Agriculture Incentive Scheme</b>	Ensure that, despite being highly impacted by the closure of international borders due to the COVID-19 pandemic, agribusinesses have the workforce they need to continue operating and maintain production capacity where possible. This will be achieved by attracting and assisting Queenslanders, including job seekers who do not currently work in agriculture, to mobilise to available seasonal jobs.

## Farm Debt Services

The *Farm Business Debt Mediation Act 2017* (Qld) came into effect on 1 July 2017, establishing the Farm Business Debt Mediation program which QRIDA administers. A further program, the Farm Debt Restructure Office, and responsibility for the biennial Rural Debt Survey, were introduced through the 2017 amendments to the *Rural and Regional Adjustment Act 1994* (Qld). The Farm Business Debt Mediation and Farm Debt Restructure Office programs are supported through a dedicated Farm Debt Services team that operate under the Corporate Governance and Performance business unit.

The following outlines the broad purpose of the respective programs.

### Farm Business Debt Mediation Program

From 1 July 2017, the Farm Business Debt Mediation program replaced the voluntary mediation scheme that was part of the Queensland Farm Finance Strategy. The purpose of the program is to provide an efficient and equitable way for farmers and lenders to attempt to resolve matters relating to farm business debts and requires a lender to offer mediation before taking action to enforce a mortgage. The farmer and the lender equally share the costs for the mediation process.

QRIDA maintains a panel of 29 mediators of which the farmer and the lender can agree to engage with to conduct the mediation. In accordance with the legislation, QRIDA has finalised the biennial review of the panel of mediators which included opening the panel to new applications and required existing mediators wishing to remain on the panel to apply for re-accreditation.

As at 30 June 2022, 318 mediation matters had been initiated since scheme inception, with 30 matters remaining in progress.

In 2021-2022, 45 mediation matters commenced with a total of 50 matters overall having been finalised.

QRIDA remains committed to robust information barriers between the administration of this program and the delivery of the QRIDA loans and grants programs.

### Farm Debt Restructure Office

The Farm Debt Restructure Office commenced on 1 January 2018. The office has an important role to play between rural lenders and farmers in financial distress, particularly when communication between the parties ceases to be productive. Additionally, producers have the proactive ability to review concerns of current and future financial viability before their enterprise loses critical capacity to act.

It administers the Farm Business Analysis Assistance (FBAA) program, which provides farmers a funded package to access financial experts to analyse their enterprise and provide a range of debt restructure options to address the farmer's situation. This is a unique program for primary producers experiencing financial difficulties and compliments QRIDA's other farm debt services.

Since commencement of the program, 79 applications for FBAA have been received with 68 reports delivered to primary producers. In 2021-2022, 10 FBAA applications were received by the Farm Debt Restructure Office providing support to 16 Queensland business entities.

Awareness of the program continues to expand with marketing activity targeting primary producers in financial difficulty and their key stakeholders such as banks, accountants, industry representatives, government agencies and Rural Financial Councillors.

### 2021 Queensland Rural Debt Survey

QRIDA undertakes the biennial Queensland Rural Debt Survey in collaboration with the Queensland Government Statistician's Office (QGSO), and with the cooperation of all major rural lending institutions in Queensland.

In accordance with the *Rural and Regional Adjustment Act*, the 2021 Queensland Rural Debt Survey was undertaken as at 31 December 2021. The report was delivered to the Honourable Mark Furner, Minister for Agricultural Industry Development and Fisheries and Minister for Rural Communities by 30 June 2022. It is required to be tabled in Parliament by 30 September 2022. Once tabled the report will be published on the QRIDA website.

# Business Development and Policy

## Business Development

During 2021-2022, the Business Development and Policy (BDP) team continued to support the acquisition and development of new business opportunities for QRIDA and focused on building QRIDA's profile as a preferred agency for government financial assistance program design and delivery services.

In 2021-2022, BDP secured 16 new business opportunities for QRIDA. This included delivering programs for six different program owners, of which one was a new program owner. Six programs were delivered to non-rural sectors in 2021-2022, further expanding QRIDA's delivery scope and experience.

These results were achieved through BDP's active business development strategy, which concentrated on broadening QRIDA's program delivery expertise to attract additional partnerships with Queensland Government agencies, while leveraging our success in delivering large-scale financial assistance programs on behalf of existing partners.

QRIDA's services were positively received with the 2021-2022 program owner survey results indicating a 100 per cent rate of satisfaction with QRIDA services.

## Policy

BDP continued to work alongside the Department of Agriculture and Fisheries to launch the new Queensland drought reform measures and provided program design advice to the Department of Transport and Main Roads for the landmark Queensland Zero Emission Vehicle Rebate and Electric Vehicle Charging Infrastructure Scheme.

## Program Establishment

For 2022-2023, BDP aims to continue growing QRIDA's profile as a preferred delivery agency for financial assistance programs in Queensland and other jurisdictions where appropriate.

This will be achieved through QRIDA continuing to work with existing customers to deliver successful programs and creating new relationships across all levels of government.

# Organisational performance summary

Our objectives	Performance indicators
<b>Organisational measures</b>	Percent of overall satisfaction within the staff engagement survey
	Percent of overall satisfaction within the client satisfaction survey
	Percent of overall satisfaction within the program owner satisfaction survey

<b>People and culture</b>	Corporate policies and frameworks reviewed and approved
	Network and systems availability
	Staff wellness program events (health / information / social) per year

✓ Achieved ✗ Not Achieved

Target	Result	Commentary	2022-2023 Target
N/A	N/A	N/A A staff engagement survey was not completed for 2021-2022. QRIDA is adopting the whole-of-government survey which will be conducted in the first half of 2022-2023.	85%
90%	86%	✗ Result not achieved. Unprecedented levels of demand and client expectation and the evolving nature of programs resulted in a lower than expected level of performance although performance was still relatively strong.	90%
90%	100%	✓ Result achieved.	90%
N/A	\$656.8 m	N/A N/A	N/A
N/A	49,544	N/A Result achieved.	N/A
230	140	✗ The number of PIPES applications received was significantly lower than previous years. Reasons for this include a very low commercial interest rate environment, RIC activity and the high value of land, cattle and other commodities.	185
70%	80%	✓ Result achieved.	70%
70%	72%	✓ Result achieved.	70%
95%	96.57%	✓ Result achieved.	95%
90%	80.22%	✗ The extended secondment of core staff to other programmes significantly impeded QRIDA's BAU activities.	90%
90%	91.44%	✓ Result achieved.	90%
100%	99.63%	✗ The extended secondment of core staff to other programmes significantly impeded QRIDA's BAU activities. There were a large number of appeals associated with the various COVID-19 related schemes.	100%
100%	100%	✓ Result achieved.	100%
80%	100%	✓ Result achieved.	80%
28	10	✗ Result not achieved. Lower than expected application volumes due to strong economic conditions, high capital growth and low concessional and commercial interest rates.	28
\$120 million	\$95.4 million	✗ This is directly related to the commentary around the net number of PIPES applications. While the number of applications received was significantly reduced compared with previous years, the average approval value was significantly higher, reflecting the sharp increase in asset values over the period.	\$120 million
<1.0%	0.11%	✓ Result achieved.	<1.0%
<0.5%	0.16%	✓ Result achieved.	<0.5%
60	51	✗ The take-up of core program loans during 2021-2022 was lower than anticipated, particularly in Disaster Assistance Loans and PIPES. In addition, a large number of Commonwealth loans reached maturity and were refinanced or paid out during the period.	60
\$25,669,600	\$32,107,417	✓ Result achieved.	\$28,110,989
\$61,644	-\$692,952	✗ The lower net operating margin is due to QRIDA only charging for additional costs for administering Disaster Recovery Funding Arrangements programs and lower than anticipated revenue on the North Queensland Restocking, Replanting and On-Farm Infrastructure grants.	\$96,230
10	12	✓ Result achieved.	10
7	15	✓ Result achieved.	7
10	15	✓ Result achieved.	10
3	1	✗ During 2021-2022 QRIDA delivered a range of large scale COVID-19 support programs and disaster assistance. Supporting these programs consumed QRIDA resources over this period and limited opportunities to seek and access new program owners.	3
90%	88%	✗ SBLU experienced significant vacancies and unscheduled leave in the last half of the 2021-2022. The Impaired Assets role was unattended for close to five months and, in conjunction with the more complex nature of the applications, contributed to this result. Staffing is now at 95% and the issue has been resolved.	90%
12	17	✓ Result achieved.	25
98%	99.98%	✓ Result achieved.	98%
4	10	✓ Result achieved.	4
